

These students go to a performing arts school in England. They all want to be famous actors, singers or dancers when they finish school. At this school, they study English, Maths, Science, French, History and Art, but they also study Drama and Dance.

BETH
I've been in five shows. I like acting and singing, but my favourite subject is Dance and that's what I want to do when I'm older. At the moment, we are practising for a big street dance festival. I think we'll win – we're very good!

JACK
I love this school. But it isn't just fun all the time. It's hard work. We have the same homework as other school children, but we also have to practise drama and music and dancing – even when we are tired! Right now, I'd really like to go to bed and sleep, but I've got a singing lesson.

AIDEN
At the moment, in Theatre Studies, we're learning about stage design. There's a lot to think about! Will the audience see everything? How will the actors come on to the stage? Where will the microphones be? It's interesting. I'd like to have a job in the theatre one day.

I. **COMPREHENSION(7pts)**

A- **Read the text and answer the following questions(4pts)**
